Sub:- D.O.I. Rules - (S.Kanara) - De-requisitioning of lands etc. - Entertainment of special staff - appointment of another special Dy. Collector - Proposal submitted.

In this office Ref. C.No.1906-46 dated 25th Feby.1946 the appointment of a Spl. Dy. Collector for the de-requisitioning of lands and buildings was proposed for the time being and it was reported that the appointment of another Spl. Dy. Collector would be applied for in due course, if after the preliminary enquiry, the work was found too heavy for one Dy. Collector to manage. For the original requisitioning work, three Special Dy. Collectors had been sanctioned in G.O.No.Ms.1588, dated 8th August 1944. The Spl. Dy. Collector now doing the work in Kumbla reports after preliminary investigation that another Spl. Dy. Collector is absolutely necessary. The extent and number of proper-

properties involved are the same, as in the original work; but whereas the assessment of the gross yield was the primary item of work in the requisitioning stage, in de-requisitioning the extent of damage in each field and garden, and house, has to be assessed-and for that purpose each dead and damaged tree is to be counted and other damages and deterioration noted and estimated with care. It is reported that the Military authorities had leased out the usufruct of trees in the Military block to a contractor who ravaged the properties and pulled out windows, doors etc. from their frames. All this means detailed inspection. The work involved is thus more laborious and exacting. The mons oon season which is fast approaching is also likely to retard the progress of work to great extent. According to Govt. Memo. No. 5515-G/45-6 (Rev.) dated 16-2-46, complete records should be prepared as to the condition in which the property is handed back, agreements have to be obtained and the work should be pushed through without delay. About 1,000 areca gardens, 170 pucca buildings 400 mixed gardens, and 4,500 paddy fields have to be inspected. I have discussed the matter with the Spl. Dy. Collector and agree with him that another Spl. Dy. Coll'r. is absolutely necessary. I therefore request the sanction and urgent posting of another Spl. Dy. Coll'r.

2. The Spl. Dy. Collector solicits instructions with regard to the percentage of fields which he should overcheck. I am of opinion that it would suffice if 33% of the fields in each village are overchecked by him generally; but if the work of any Spl. Dy. Tahr. should be found to be particularly inaccurate a greater portion of his work should be inspected.

In another case relating to deregistration in Revenue ~~Dept~~ noted that the work is not as heavy and arduous as in registration and that ~~there~~ the case for grant of Special pay was not strong. In the case of South Kanara however, Hon(Rev) has recently minuted that the work of ~~the~~ Dy. Collr. is more difficult and responsible than that of registration.
